"All hail to thee our dear Virginia" ... For seniors it is a farewell song to classmates and fond memories. For juniors and sophomores it holds a pledge of loyalty that is foremost in the heart of each and every student. For freshmen it is a new beginning with new opportunities.

As the world changes, so does Virginia High. The long awaited vocational wing opened with the beginning of school. An athletic field, "Home of the Bearcats," became a reality. A new superintendent of schools was named. As the song title says, "It's Getting Better" at Virginia High.

ADVISORY COMMITTEE VIEWS BUILDING

The long awaited opening of Virginia High's vocational wing highlighted the beginning of the new school year. The new wing includes a Business Education Department and ten trade and industrial classes.

Vocational education includes five industrial services, four of these are offered at Virginia High. They include trade and industrial service, Distributive Education, Business Education, and Home Economics.

One of the nicest features of the wing is that it is fully air-conditioned, except in the open shops such as auto mechanics.

HOME OF THE BEARCATS

As Virginia High opened its '73 football season at Randolph Field, it marked the first time in almost four decades that the Bearcat team has opened its season on their own side of the state line.

To provide temporary seating for the fans, the Bristol Virginia City Council appropriated about twenty four thousand dollars. Also in the future will be the moving of the fence in order to keep the players off the baseball infield. With these will come more permanent stands for the home team.

MR. QUARLES TAKES OATH OF OFFICE

On July 1, 1973, Royce W. Quarles officially assumed the duties of Bristol Virginia school superintendent. Mrs. Bertha Drinkard administered the oath of office.

STUDENT LIFE

THEME OF FESTIVAL: "ON BROADWAY"

Music, dances, and comedy from "On Broadway" carried out the theme of the 1974 Spring Festival. Many changes were created this year. Instead of the program being held in the gymnasium, students traveled to the Sullins College Humanities Center and were awarded full use of the lighting and sound systems. "Jesus Christ Superstar", "Cabaret", "Oklahoma", and "South Pacific" were among the Broadway productions recreated by students. The Big Orange Band gave support to the total program while many students and faculty members gave their services behind the scenes.

“NOT EVEN A MOUSE.”

The Drama Club produced the Christmas Play “Not Even A Mouse” for the student body. The play concerned a misunderstanding between brother and sister causing conflicts. Mitzi, played by Jenny Bonham, bought two gifts for a cat and a dog. She mistakenly gave the compact, that Rick (Lea Jones) had bought for his girlfriend (Kathy Pritchard), to one of her pet friends. This caused many exciting points in the play. Much hard work went into the “behind the scenes” preparations. The play was directed by Cindy Garrett.

Lea and Kathy make-up in a scene from the play.

Pat Lilley, Virginia Bonham, Kathy Pritchard, and Lea Jones exchange Christmas gifts during the play.

BEARCAT TIME MACHINE

Through-out the week various events took place. Among the events were a Bonfire, Snake Dance, Carbash, Balloon Throw, Hot Dog Supper, and a Car Parade ending the big week with the V-T game at the Municipal Stadium.

One of the highest honors a drama student can achieve is to become a Thespian.

The International Thespian Society is for outstanding students in all aspects of drama. This is Virginia High's first qualified members.

To become a certified troupe, there needs to be eight qualified members.

A student must have at least ten points to be a member. Points come from acting in a full length play, directing, or any form of back stage production.

Points earned range from seven to ten points. Upon earning ten points a student is awarded a life membership.

After that, for each ten points earned, a student receives a star. After receiving so many stars and points an honor bar is awarded.

A four star honor bar is the highest award a Thespian can receive.

RESEARCH BEGINS IN MEDIA CENTER

The Media Center served as a help to the students in many ways. The research for a term paper or a composition began here. The books for book reviews and pleasure reading are found in these rooms. Filmstrips, movies and projectors were borrowed from the Media Center to visually inform students on different topics. Our center had a very good supply of magazines, pamphlets, and reference books for the use of the students. The Media Specialists, Mrs. Saunders, Mrs. Gibson, and Miss Cooper were always willing to help the students in any way they could. The magazine and newspaper rack helped the students with current events and supplied entertainment when time was plentiful.

CHOIRS GIVE CHRISTMAS PROGRAM

Excellent results have characterized the hard work of the Choral Department. Not only performing for concerts, churches, and special performances, but also spending long and tedious hours at bake sales, car washes, and rummage sales, the choirs have strained to raise money for the Concert Choir Spring Tour. The Choral Department is composed of a Boy's Glee Club, Girl's Glee Club, Concert Choir, and a new feature this year which is the addition of a second Mixed Chorus. Two special groups formed from Concert Choir are Girl's Ensemble and Men's Quartet. Prize-winning is not new to this department. Several students were chosen for the All-Regional and All-State Choruses.

Girl's Ensemble performs at Christmas program.

The 1973-74 Big Orange Band.

Drum Major Lee Pritchard.

THE BIG ORANGE BAND MAKES BEAUTIFUL MUSIC

School pride and determination were stirred when the first notes from the Big Orange Band were sounded. Students were reminded with every drum beat that V.H.S. has a band that they can be proud of. The precision of the majorettes and drum major added color and sparkle to ballgames and special events. The Big Orange Band is not only considered tops in the eyes of V.H.S. students, but is recognized all over the state of Virginia as one of the best.

ICT PROVIDES WORK EXPERIENCE

Industrial Cooperative Training provided various work experiences for many students. Persons enrolled in ICT studied jobs and skills required during the hour they were in class, and then moved to the job. Students were employed in many of the area industries and businesses, and the jobs they accomplished were as different as the people themselves.

TOP: Class members discuss their different jobs. RIGHT: Students work on posters, as a class activity.

DE BUILDS FUTURE BUSINESSMEN

Distributive Education students studied marketing, and distribution. Students learned better points of salesmanship in an hour of class time. Since this is a cooperative program, students are released from the last two or three classes of the day to go to work.

BELOW: Coordinator McCreedy introduces Gary Hurley to guest speaker. LEFT: Class receives instruction in sales.

HOME EC. OFFERS USEFUL SKILLS

The Home Economics classes busied themselves with learning the fundamentals of cooking, sewing, and home care. One semester of Bachelors Education was offered and sometimes it was suprising to find that the sweet aroma in the halls was caused by male cooks! The girls offered stiff competition but womens lib lost out as Scott Hoback won the Betty Crocker Award.

STUDENTS ARE PREPARED FOR CAREERS

The most important function of a high school is to prepare students for the future, whether it be a career, college, or a family. The Business Department fulfills the requirements for a business career. Among the courses offered are Stenography, Typing, General Business, Record Keeping, Accounting, and Clerk Typing. New equipment, as well as a new home in the Vocational Wing, helped to create a workable atmosphere for students.

TOP: Students receive help from Mrs. Ingram.

RIGHT: Accounting students work on chapter drills. Mrs. Creger is the instructor.

DRAFTING DRAWS PLANS FOR STORAGE HOUSE

Field trips and classroom instruction aided in the usefulness of students in the Drafting class. Students visited Black Diamond and Raytheon. Upon returning, their new knowledge was put to work as they began plans for a storage house for athletic equipment and a building at Camp Waldo Miles. Drafting is offered as a three hour block course.

RIGHT: *Mr. Baker offers personalized instruction to Alfred Willis.*

Bill Slagle uses drafting machine to work on drawing for the athletic storage house.

COSMETOLOGY OPENS WITH GOOD ATTENDANCE

Among the new classes made possible with the addition of the vocational wing is cosmetology. Students enrolled in this class learn the fundamentals of hair and wig care, and styling. They also discover better ways of applying make-up and manicuring. Other skills include facials and scalp treatment, hair straightening, lash and brow tints, arching eyebrows, massages, and working with wigs.

*LEFT: Wanda Wiley learns the art of hair styling.

MASONRY STUDENTS EARN USEFUL VOCATION

Many students recognized Masonry to be a useful, and rewarding trade. Many different skills were learned, from block and bricklaying to other forms of architectural masonry. Projects included practice by building small walls, corners, and angles, and then students moved up to work on a mock-up house, in almost full scale, which presented such problems as windows and doors. Safety was stressed, by lectures, and reminder signs. The shop was cleaned regularly to remove hazards. Emphasis was placed on job opportunities, and students were urged to pursue Masonry as a full time occupation after they get out of school.

Mr. Owens lectures Joe Hagy and Bobby Kearfott on basics of electricity.

William Hill and Dave Greer learn by doing.

STUDENTS LEARN USES OF ELECTRICITY

After learning the basics of electricity, such as rules, and use of tools, the Industrial Career Exploration students apply their knowledge with such activities as wiring a light and switch. The block students then tackle such full scale projects as complete house wiring, and industrial applications.

CARPENTRY CLASS BUILDS TICKET BOOTHS

The pounding of nails into wood could often be heard deep in the new vocational wing as students of Carpentry learned new skills.

Preparing for their careers, students learned to safely use power tools, and to correctly drive nails; also framing, flooring, and finishing. Activities included service projects such as building the ticket booths for Randolph Field, and the mock-up houses that the Masonry and Electricity classes used in their activities.

PRINTING GETS INDUSTRIAL EMPHASIS

The students career as an industrial printer was one of the high points in this years printing courses. Students were instructed in use of equipment, and then real printing was done. The students education was supplemented by field trips to local printing plants, and through lectures by agents of various printing firms.

TOP: Students apply knowledge learned in class-room. BOTTOM LEFT: Judith Vest uses photographic composing machine headliner.

AUTO MECHANICS VISIT CAR DEALERS

Improving their skill and safety, students in Auto Mechanics have gained invaluable knowledge this year. Trips to places like Campbell Ford and Bill Gatton Chevrolet have widened interests and knowledge in the fundamentals of automotive functions.

An additional three hour block night course has been added, for the convenience of those who work during the day. The night course introduces the student to the workings of the automobile.

RIGHT: Mike Walker changes tire with lug wrench. **BELOW:** Students take motor apart to discover the mysteries of internal combustion of a tractor.

THE LATEST IN WELDING

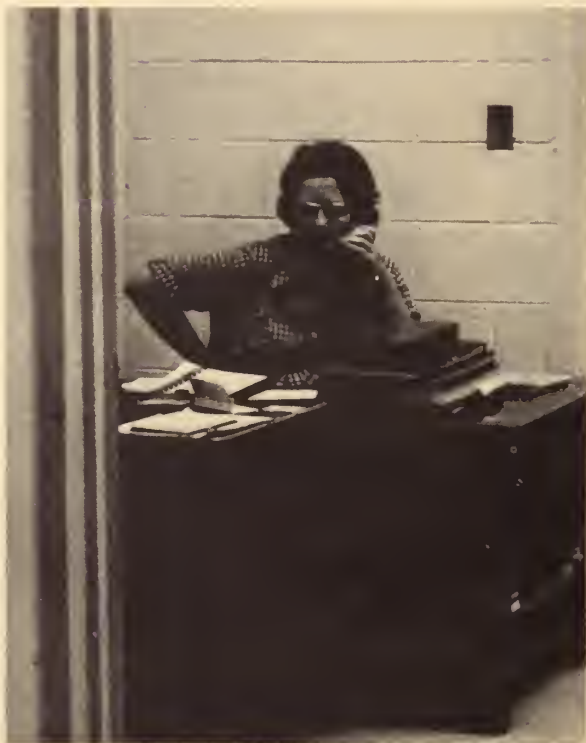

From the new vocational wing, sounds of melting metal are characteristic of the welding classes. Safety is stressed as of up-most importance along with skillfulness.

This course includes all the latest methods in welding. A study is made of the physical properties of metal and its relation to welding trade.

LEFT: Students practice vertical welding. BOTTOM LEFT: Mr. Worley observes student's technique.

STAFF

PRINCIPAL OUTLAW AIDS SCHOOL SPIRIT

Backing Virginia High students in whatever they do is Mr. Timmy Outlaw. Along with the many duties as Virginia High principal. Mr. Outlaw enjoys sporting events and other student activities. He is an avid Bearcat supporter and follows them wherever they go. Nothing seems to interfere with his job as head of Virginia High School. EFFICIENT WORKERS STIR PRIDE AT V.H.S.

Pride means being able to brag about something and wanting to show it off. The Janitor and Cafeteria Staffs at Virginia High have added this kind of pride to the students. The two staffs worked hard to maintain the reputation of V.H.S. as a healthy and comfortable place to work and study.

P.T.A. WORKS WITH STUDENTS FOR IMPROVEMENT

The Parent-Teacher Association at Virginia High School has done a good job of bringing students, their parents, and teachers together and helping with problems at V.H.S. Among numerous other activities, they have helped tremendously in obtaining furniture for the Senior Lounge. A newsletter was sent out to parents every month to keep them informed of events at Virginia High. This newsletter listed club and class plans, honors given to students, and P.T.A. news.

Mrs. Roberts and Mrs. Sizemore take up dues from Mrs. Thomas.

ALBUM

SENIORS RECOGNIZED

To recognize students who have demonstrated scholastic excellence or have made outstanding contributions to the school through leadership, the Administration and Faculty select ten students from the senior class as Superlatives.

Any member of the administrative and teaching staffs may submit as many nominations as he desires. From the list of nominees a committee composed of members from each subject area and the administration vote for their choice of ten. The ten students receiving the highest number of votes are awarded the distinction of SENIOR SUPERLATIVES.

Karen Roberts

While standing here gazing about, I think of all the wonderful days I have lived while at Virginia High.

My first day was a frightful experience. The school seemed so large that I was afraid to move for fear of getting lost. During that first year, decorating for V-T week and watching the school halls change from grey and white to designs of orange and black were experiences I will always remember.

A feeling of belonging began to creep over me as I entered my sophomore year.

An upperclassman at last! Ordering and receiving my class rings, decorating for the prom, participating in the Spring Festival, taking college boards were exciting moments that year.

Finally, 1974 became a reality. Catching underclassmen in the senior dinette, using my senior privilege card, and leaving pep rallies and assemblies first were moments never to be forgotten.

As the end of school comes for me and other seniors, it will be a time of excitement, a time we will always cherish and look back upon as we continue through life.

For me the end of school will be a time of getting out on my own, trying to decide what I'll do next. I wonder if I will like the new people I will be meeting when I get in college? Trying to remember the school mates and teachers I had in high school, I will look back in old annuals — never to forget my Alma Mater!

Dear
"Child"
Mike:

I'm glad - very
glad I met you this
year - I needed a drastic
change in my life. You're quite
irritate, but then, so is the whole WE
kept. It's gonna be different next year, but
between you and me, we'll drive the new
co-ordinator crazy so he'll be just like Tweedle
Dee + Tweedle Dum (Cummins & McCready). I've enjoyed
instructing you for 24. Board Mem - Excuse me - I was
hopefully
hoping you would come thru.
I know you always will. See you next year.
this summer. Did any of this make sense? Anyway -
Good luck - Vanya Con Bliss. Love ya, Janet Cummins. Have a nice summer!

My Dearest Son -

What do you say when you feel like
you've known someone your whole life? To
start off with, how about "you're crazy"? It
fits! I've really enjoyed knowing you this
year - you're the kind of person who brightens
up my year (in school ever). I'm kind of re-
gretting this one being over. But we shall have
next year! I hope you really have a good sum-
mer. Good luck at Mowbray - and remember to be
the best and act the humblest! Look out for you
know who, too! By the way, what did you do in
D.C. before we had the camp? I can't remember
you ever ever being in D.C. (then), much less any
other class. Really. I'm expecting you to be the
best Jr. Board Member Virginia ever had, and
I'll still be around to get you if you're not.

Love ya!

Mike,

You're the kind of person who is very well-known
and well-liked because you're easy to get to know.
When I met you this year I felt before the day was
over that I was your "sister". We've had some great
times in DE this year and I know that's what I'll miss
~~dearly~~ in life because it has meant so much to me. And
it's this closeness to this club I possess that I'd like to
pass on to you alone. Mike, as Junior Board Member you
hold the problems and responsibilities of the whole district, and
am sure you are aware of. Please, try to keep this precious
organization of DETA "on its toes". Mike, you can do this
not only because of your position, but because of your
great personality. I have for such a warm welcome at
North Bristol, your father has a nice church and everyone
is so friendly! I'll never forget the Sunday I brought
Abaschel (finally) to North Bristol and we walked inside
the sanctuary and everyone turned and said, "Max" — "Abaschel".
I felt so good inside. Don't forget the good time at the
State Leadership Conference or the picnics or the
Professional Meetings; and Mike, you really take great
pictures. May God bless you always. I love you to
death — you're so "different", but in a special way.
Always try to make the best decisions for yourself
and life will be a big happy one. If you ever need
a friend — call me! O.K., and don't eat too much,
dummys! Love Ya,
"Max" Class of '74

Mike,

You have been one outstanding student. I can't begin to tell you how proud I am of you and your accomplishments. You'll make a great J.B! Let Va. DECA know you're around. If you put forth the effort, I know you can and will be a success. I've enjoyed working with you especially during competitive eventstime. We did a lot of work but had a lot of fun goofing off. Thanks for being around when I needed you. Remember S&C!

Love always,
Jinda Skreider '74
